Propellerheads Reason Registration & Installation

Please make sure you have downloaded the Reason software installer from Berklee Self Service, before you continue.

Registration instructions for Reason:

1. Open your internet browser and navigate to [www.propellerheads.se](http://www.propellerheads.se)
2. Click the profile icon (👤) at the top of the page and select Log in.
3. If you already have an account please log in with your Propellerheads Username and Password. If you do not have a Propellerheads account click Create Account.
4. Once you’ve logged in to your Propellerheads account, click the profile icon (👤) at the top of the page and select Products.
5. Click REGISTER NEW PRODUCT.
6. Choose Reason as the product you would like to register.
7. Select the version you are trying to register.
   *You can identify the version by looking at the beginning of your License Number.
8. Enter your Reason License number and Registration code then click Register.

Installation instructions for Reason:

1. To install Reason, Open the “Installers” folder in your dock and click the disk image to mount the software installer.
2. In the software installer, drag the “Reason” folder into your “Applications” folder.
3. You will now be able to launch Reason from your application folder.
4. Every time you launch Reason you will be required to log in with your Propellerheads account username and password. Alternatively you can purchase an Ignition key from Propellerheads to store your license or authorize one computer to run the software.
5. When you first launch Reason you will be asked to Update Licenses. Once in the licenses are updated, Reason will launch.

Reason is now fully registered and ready for use.

If you have any questions regarding any of the above information please feel free to contact the Student Computer Support Center.
